"Ideals are like stars . . ."

". . . you will not succeed in touching them with your hands.
But like the seafaring man on the desert of waters,
you will choose them as your guides,
and following them you will reach your destiny."
Carl Schurz

A million lost yesterdays buried beneath the blankets of time. Gazing into the distant horizon. Glimpses of hopes yet unborn.

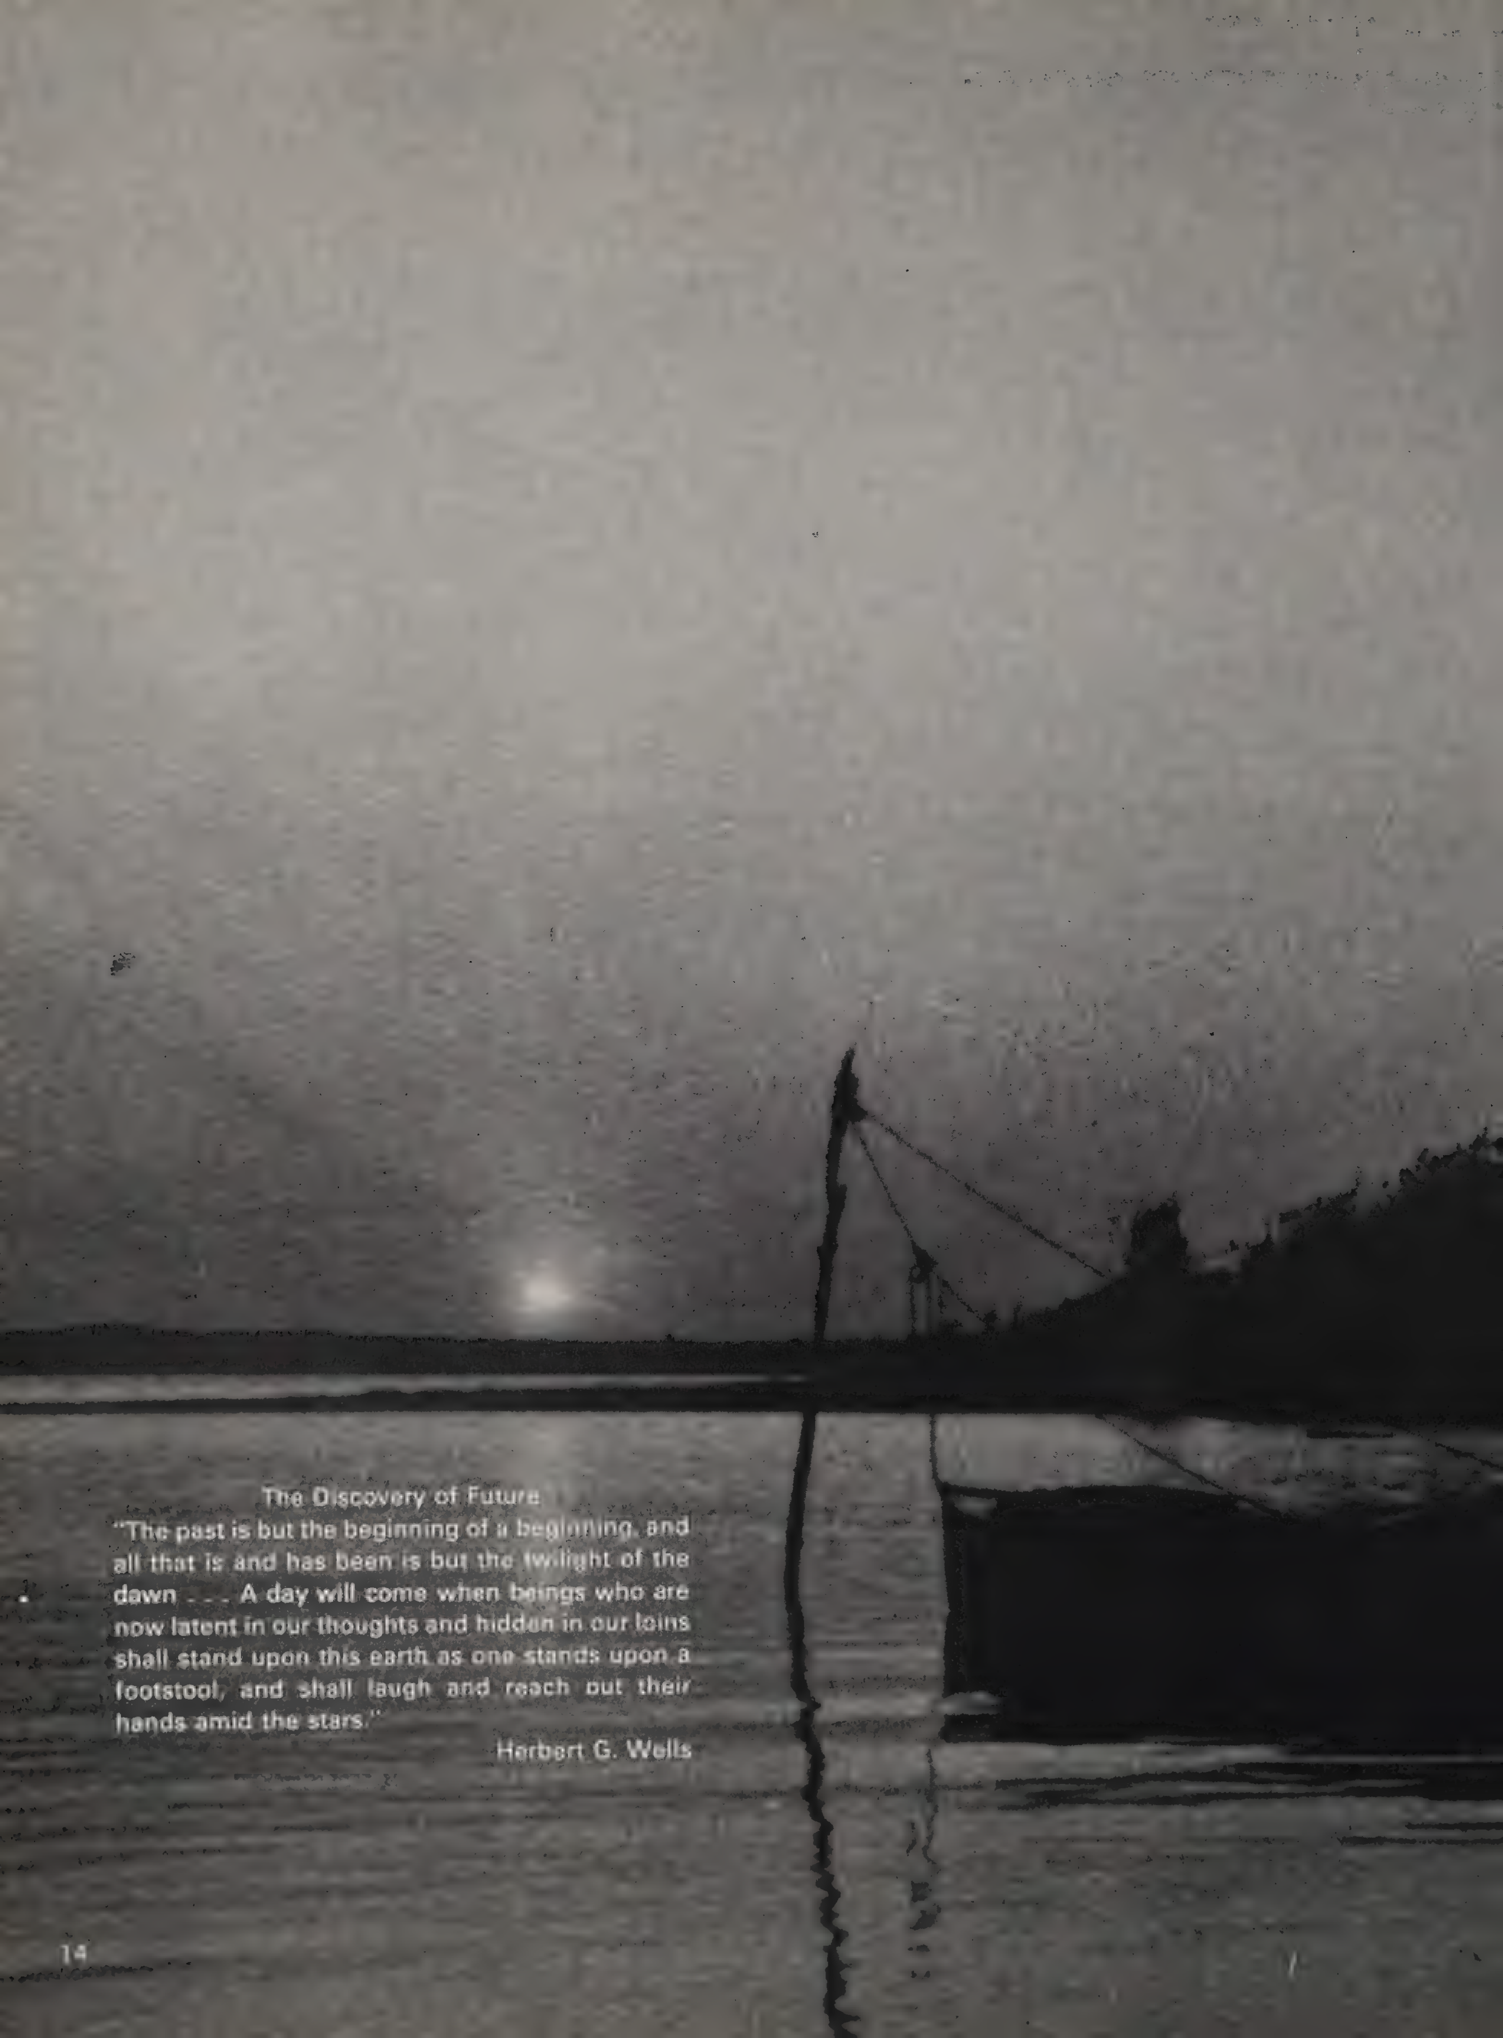
Tami Snell

"This one thing I do, forgetting those things which are behind, and reaching forth unto those things which are before . . ."

Philippians 3:13–14

Four fantastic years
Times when we found answers
only to look again and
find more questions.

Tami Snell



The Discovery of Future

"The past is but the beginning of a beginning, and all that is and has been is but the twilight of the dawn . . . A day will come when beings who are now latent in our thoughts and hidden in our loins shall stand upon this earth as one stands upon a footstool, and shall laugh and reach out their hands amid the stars."

Herbert G. Wells

ALTERNATE LEARNING PROGRAM

Alternate Learning Program

Gary Glatki — Director ALP

The Alternate Learning Program exists as an alternative secondary school within the framework of the Barnstable High School. We are a diverse group of students and staff members with a wide range of interests. The A.L.P. values the differences of individuals and their environments and motivates each student to commit him/herself to an evolutionary process of growth. The program's environment is one in which priority is given to the cultivation of individual potential allowing each student to develop his/her own unique cognitive and affective abilities and skills.

Backpacking and Survival, Creative Needlepoint, Oriental Philosophy, Magazines, Barnstable History, Communication I and Living with Yourself are only a few of the many courses offered as part of the A.L.P. curriculum. Students, also, have the option to receive course credit by completing an independent study contract. Independent study projects vary with each individual . . . an indepth study of the American Indian of the Plain, an ecological mural for one of our walls, piano lessons at the Cape Cod Conservatory of Music . . . these are just a sampling of the independent projects completed by A.L.P. members. Some students integrate their program by involvement in a paid or unpaid work experience. Those who participate in this program keep a daily work log of their experiences and attempt to analyze specific situations that arise in their jobs.

Our courses are taught by staff members, students and volunteers. Course work is completed in and out of the classroom. The oceanography class has utilized the Wood's Hole Oceanographic Institute and the New England Aquarium in Boston, besides completing beach studies and the collection of marine specimens in tidal pools for our aquariums. The historic towns of Lexington and Concord were visited by the U.S. History class and the Creative Writing class "shadowed' characters in Provincetown as part of their coursework. The Backpacking and Survival class spent a day hiking Mt. Watchusett while the rest the A.L.P. program walked the Freedom Trail, met with a Boston City councilman in the Boston City Hall and toured the Prudential Center after a short jaunt on the famous M.T.A.

The governance of the program is the mutual responsibility of the students and staff members, each participating in the various committees (Appeals, Policy and Entrance) which help to administer the program.

The A.L.P. environment is relaxed and informal, and the community is characterized by self respect, respect for others, responsibility and freedom between student and student, and student and adult.

The program's ultimate responsibility is to create an environment in which each student can grow personally and socially in appreciation of the inherent dignity of human existence and congruent with the needs of society.

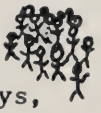
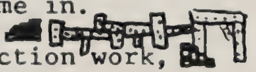
nee
ad. lib.
but not too much!

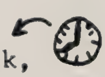
1. Oh Beautiful for crowded halls,
For late bells and for gym.
For all those fun in-service days,
When no one would come in.



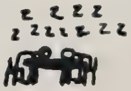
2. Oh Beautiful construction work,
They wrecked it during class.
They knocked down every wall in sight,
And tore up all the grass.



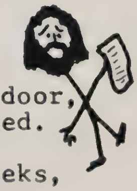
3. Oh Beautiful for eight o'clock,
It makes us want to sing.
We listen quite reluctantly,
For first class bell to ring.



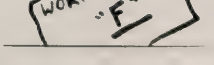
4. Oh Beautiful for study hall,
It gave us much to do.
We sat in cafeterias,
Like animals in a zoo.



5. Oh Beautiful for being late,
It took us up the creek.
McClelland knocked on every door,
And caught all those he seeked.



6. Oh Beautiful for four day weeks,
We had the fifth day free.
We slept, or worked, or had a class,
And at that class we'd be.



WORK STUDY

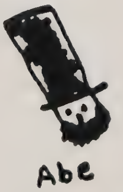
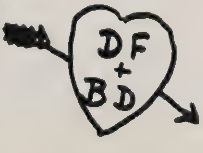
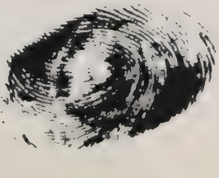
Chorus:

1. Oh B.H.S.! Oh B.H.S.!
We love you, yes we do.
You're number one,
You're loads of fun,
You're over-crowded too!



2. Oh B.H.S.! Oh B.H.S.!
We love you, that is true.
But call us back,
Just when in fact,
Construction work is through!





Old days, good times I remember, fun days, filled with simple pleasures, drive-in movies, comic books and blue jeans, Howdy Doody, baseball cards and birthdays, take me back, to a world gone away . . .

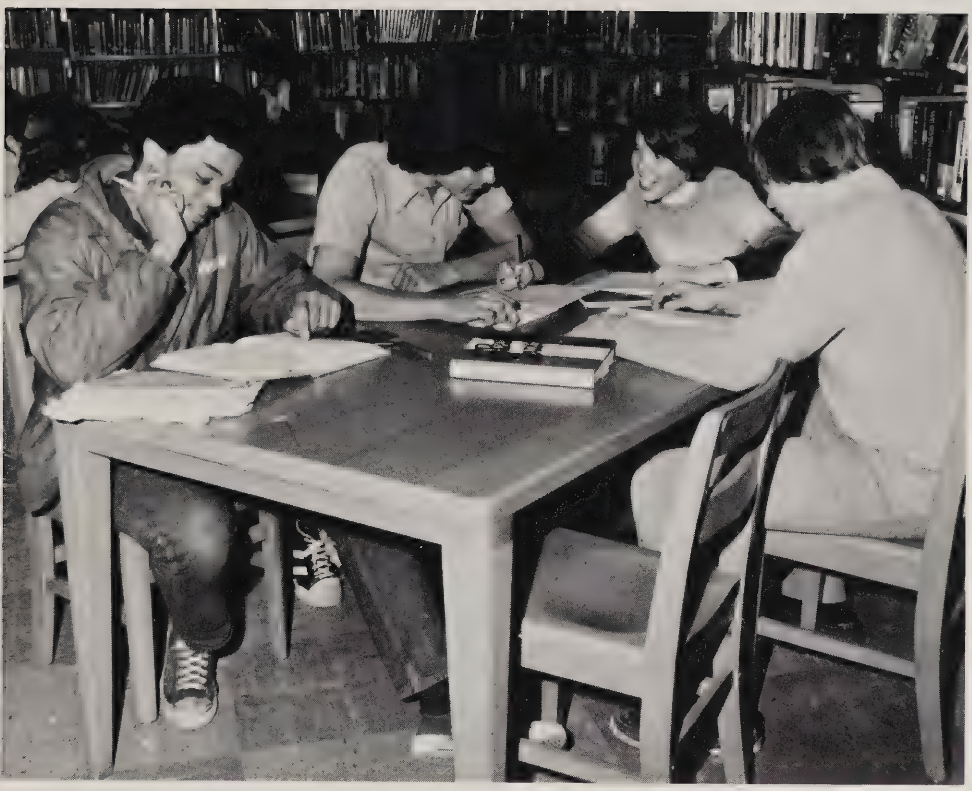
Memories seem like yesterday . . .

apple cider

Funny faces, full of love and laughter, funny places, summer nights and street cars take me back to a world gone away . . .

Old days, good times I remember, gold days, days I'll always treasure . . .

Compliments of Hansen's, Osterville



Compliments of The LOBSTER and FISH Shanty
